

READ LIKE A DETECTIVE:

Design your very own spy glasses to identify fake news!
Include super high-tech functions in your glasses for
an added advantage.

Step 1

Identify purpose of
spy glasses.

Step 2

Brainstorm on the different
functions of the spy glasses.

Step 3

Draw in technical equipment
needed on the spy glasses
for each function. E.g. button
for camera function etc.

Step 4

Label the spy glasses, colour
and display or cut it out
to use!
